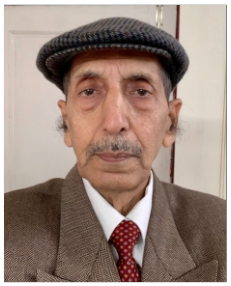
14th Annual General Body Meeting, Old and New General Council Meetings were held at Savera Hotel, Chennai on 02 November 2019

The last Governing Council (GC) Meeting was chaired by the Past President Er. P.R. Seshadri, who thanked the Council members for the support extended for running of the Institution. He brought out that two International Conferences were organised at Chennai during the months of September 2016 & October 2018, stating further that there was good response from the delegates from many countries in addition to India and there were very useful interactions during the conference, when the delegates were exposed to International Arbitration from the experience of eminent speakers presenting the papers.

The 14th Annual General Body Meeting followed after this programme. Annual report and accounts were presented and passed by the General Body. Er.P.R. Seshadri thanked the members of IITArb for their participation in all the activities of the Institution and for their Co-operation. Then came the change of Guard for the New President Er. K.N.Agrawal to takeover IITArb for the term 2019-2021. He congratulated the outgoing president Er. P.R. Seshadri for having done wonderful job by conducting many activities and increasing the membership of the Institution. The Past President Er. O.P.Goel graced the occasion.

This was followed by the New GC Meeting chaired by the President Er. K.N. Agrawal. He welcomed the new Council members and impressed upon the need for preparing the IITArb to be ready to meet the challenges thrown up by the 2019 amendments to the Arbitration and Conciliation Act 1996, which required an Action Plan to be drawn up and sought suggestions in this regard. The President insisted that we should have our own premises for recognition of our Institution by Government. Towards this onerous task, he appealed to members to contribute liberally so that we would have our own office premises. Nominations were also made against unfilled vacancies. Then there was a group photo of Presidents and Council members. Everything came to an end after sumptuous dinner. Many members about 60 in number attended the AGM from far and near. There was a good fellowship among members and the arrangement was excellent.



FROM PRESIDENT DESK

Er.K.N.Agrawal

It gives me great pleasure that this News Bulletin is finally being published, even if belatedly, the first since I took over. The greater part of the period of this bulletin has seen the multiple waves of Covid-19 Pandemic, which has severely affected almost all the countries of the World, bringing in its wake Lockdowns and many restrictions in the day-to-day life, some of which are continuing in some parts of the country.

Despite such difficulties most State Centres like Delhi, Tamil Nadu, Kerala, Karnataka and Andhra Pradesh have strived to carry on with their activities as much as was possible. We have learnt and are learning to conduct our activities through Video Conferencing, which shows the great spirit of our Centres /members in overcoming difficulties in the face of adversity.

Acquiring own premises for the HQ of the Institution and its inauguration on 16th July 2021 was a momentous occasion. We have also published on our website the IITArb Arbitration Centre Arbitration Rules (for Arbitration other than International Commercial Arbitration in two parts, namely, Part-1: Institutional Arbitration Rules and Part-2: Arbitration Centre Management Rules.) in December 2020. The revision of the bye-laws has also been completed and duly adopted in the EGM and the amended version will be published in due course.

Now as the Covid-19 situation is improving and the country is practically fully opened up, we will need to move with vigor, while still observing for some more time the Covid appropriate behaviour. It is important that the State Centres maintain close liaison with the HQ in carrying out various activities. The IITArb with its HQ at Chennai and various State Centres and a Local Centre is one whole, though with sufficient autonomy to the Centres. The State Centres may strive to develop its own infrastructure for effectively carrying out its activities in furtherance of the common objectives of IITArb. Our Institution can take pride in the fact that its core strength of domain knowledge experts is ever increasing and our esteemed members are getting trained in the various aspects of Arbitration. The benevolence of Shri O.P. Goel, Promoter Member and Past President and the presence of Shri P.R.Seshadri, immediate Past President, at the HQ is very reassuring and bodes well for the Institution. It is my proud privilege to wish every member well and a professionally fulfilling experience. Together we can!
